# PROFESSIONAL TRAINING IN PROJECT MANAGEMENT

## Walter Wawruck's PMP® Certification Preparation Seminar

### Regina – Winter Series 2020

Six Classes • 2 Week Intervals • Fridays • January 10 to March 20, 2020

---

#### Formal Recognition:

The Project Management Institute's *Project Management Professional (PMP®)* designation is a third party affirmation of an experienced practitioner's qualifications ([www.pmi.org](http://www.pmi.org)). Although many attend the seminar for its practical training value, this college level seminar assists candidates to prepare for **the current version of the qualifying exam**. A substantially modified, new version of the exam becomes effective on July 1, 2020.

An evening workshop on January 9, 2020 describes how to apply for certification. The computer based exam is available in Regina and throughout North America.

#### Practical Value:

The emphasis is on practical issues. The aim is to provide an understanding of good practice tools and techniques that will be of value to individual participants, their clients, and their employers.

See the full seminar description at [walter-wawruck.com/prepsem.html](http://walter-wawruck.com/prepsem.html).
